GO-TROLLEY

A GROUNDBREAKING NEW ADVERTISING MEDIUM

Do you want to be the "tangible" **difference** from your competition? Be highly visible and environmentally friendly at the same time? With every Go-Trolley you get one square metre of **mobile advertising** space and a high quality give-away at the same time. If you wish, you can even move the surface of a whole soccer field branded with your products or services and your clients will love you for it!

Your benefits using Go-Trolley:

We only use FSC certified papers from sustainable forestry and recycled wheel components. Both parts can be separated and easily recycled after use.

Thanks to our **German production** facility, we always deliver on time. Self-pick-up and free storage for up to three months are also an available option.

Ground-breaking advertising reach in the exhibition area and beyond.

"German printing standards" says it all.

Attention guaranteed: We only supply **two exhibitors** per fair.

Simple and **quick** to assemble within seconds!

GO-TROLLEY THE ORIGINAL PAPER TROLLEY

The success-story of Go-Trolley began at a small locksmith's shop located in Vienna's 6th district, more than 10 years ago.

„The last innovation in the shopping bag category goes back to 1970. I strongly believe that the time has come to re-visit the existing transport concepts and offer something more efficient for users and vendors. I want my clients to be the first to benefit from this idea.“ describes Mr. Pachler the company mission.

At inception, the wheels were not running 100% straight and the first box was cut out from an old TV packaging. The simple, straight-forward product concept has worked ever since, but the quality of the products has changed significantly.

Go-Trolley is the first and only company worldwide which is solely specialised in the design and production of paper-based trolleys. With more than 1.000.000 units sold across the globe, our products are technically up to speed with the latest consumer needs in mind. The many registered IP rights protect our customers from unreliable and low-quality replicas.

Sustainability

Ecology and socially responsible behaviour is deeply rooted in our company values. As a result, we always guarantee that we deliver the best, and not necessarily the cheapest trolley-solution.

GO-TROLLEY AT A GLANCE

Trolleys made from environmentally-friendly paper

Production facilities located Germany

Customised design

High quality print

Guaranteed visibility – only two customers per exhibition

Short delivery times and on-time logistics
